

Dear Parents / Carers

Please find attached a letter from the MP Vicky Ford. We have been asked by the Local Authority to share this information with parents and carers of children with an EHCP or on SEND support in school.

As you are fully aware, the safest place at this time for all of our young children is at home, with yourselves. School is open for those families who need the provision to allow their parents to work fulfilling a role as a keyworker.

The provision available in school during the period of closure is primarily focused on childcare rather than education. This childcare facility should not be used for any child who could safely stay at home at this time.

Thank you for your understanding.

I hope all families remain safe and well at this difficult time.

Miss Holt
