

Year 1 (w.c. 11.05.20)

Good morning Year 1! We hope you are all well! It has been lovely to receive some fantastic emails from you and see the work you have been doing and all the fun activities you have done. Here are some more challenges that you might do at home...we know how much you all love a challenge! Remember...don't get too worried about this work, everyone will be doing different things at different times. The most important thing is that and your family stay safe and happy together.

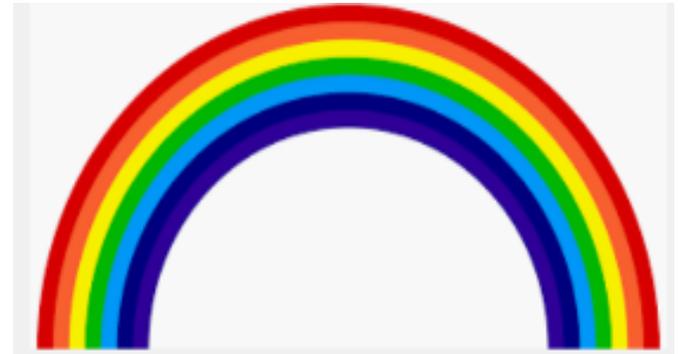

If you want, try to do a little Maths and Reading every day. Make sure you carry on listening to your grownups and keep helping them out at home. 😊

Please remember to keep in touch. You can email us with any questions you have, any photos of your completed work or just to let us know how you are. jdavies@eastboldoninfants.org.uk or lsangray@eastboldoninfants.org.uk

Stay safe,

Lots of love,

Mrs Sangray, Mrs Davies & Mrs Hudson

On Education City there is a Maths City in classwork with games to play.

English / History

All about Castles

Read all about castles with an adult using the castles PowerPoint.

Then read Parts of a Castle PowerPoint. Can you label the parts of the castle? (sheet)

Then write a sentence explaining what each part of the castle is and why it is important. There is a sheet called castles you can use.

Spelling, Punctuation and Grammar

Ask an adult to read through the PowerPoint with you. Do you know where full stops, question marks and exclamation marks need to go?

Try the Punctuation Pits activity. Can you spot the mistakes? See how many points you can get. Then try writing your own sentences with an exclamation mark or a question mark on the Application sheet. There's a mini test for you to try too!

Phonics

This year, we have been learning about sound families because sometimes, there can be lots of different ways of making just one sound! Can you investigate all the different ways of making the long vowel e sound – igh, ie, i-e, y? Use these videos to help you and choose one of the activities in the resources.
